

Supplementary Fig. 4. The relative quantitative expression of proteins in Figure 6B by using Image-J software. **P*: versus non-irradiation, #*P*: versus NC-circ after irradiation. ***P* < 0.01, #*P* < 0.05. Each bar represents the mean ± SEM for at least three independent experiments. NC-circ, negative control of circTUBD1; sh1-circ, short hairpin RNA 1 of circTUBD1; sh2-circ, short hairpin RNA 2 of circTUBD1. Supplementary Table 1. Primers for qRT-PCR and sequences for probes.
