

## Corrigendum

# Corrigendum: Effects of Remote Ischemic Preconditioning Combined with *Radix salviae* Decoction on Coronary Stenosis and Prognosis: A Prospective Pilot Study

Qingqing Liu<sup>1#</sup>, Guangchu Pan<sup>2#</sup>, Peizhong Liu<sup>1#</sup>, Aimeng Zhang<sup>1</sup>, Kaili Wang<sup>1</sup>, Rongyuan Yang<sup>1\*</sup> and Qing Liu<sup>1\*</sup>

<sup>1</sup>State Key Laboratory of Traditional Chinese Medicine Syndrome, The Second Clinical School of Medicine, Guangzhou University of Chinese Medicine, Guangdong Provincial Hospital of Chinese Medicine-Zhuhai Hospital, Zhuhai, China; <sup>2</sup>The Fourth People's Hospital of Zhanjiang, Zhanjiang, China

**Corrigendum on:** Liu Q, Pan G, Liu P, Zhang A, Wang K, Yang R, et al. Effects of Remote Ischemic Preconditioning Combined with *Radix salviae* Decoction on Coronary Stenosis and Prognosis: A Prospective Pilot Study. Future Integrative Medicine. 2023;2(4):181-188. doi: 10.14218/FIM.2023.00034.

### Missing clinical trial registration information:

In the original publication, the required statement of prospective trial registration was omitted. The study was not registered in a public trials registry prior to patient enrollment. This was an oversight that does not align with standard publication ethics and the journal's policy.

To ensure transparency and correct the record, the authors have now retrospectively registered the trial protocol.

**Trial Registry:** The International Traditional Medicine Clinical Trial Registry

**Registration Number:** ITMCTR2025002387

**Date of Retrospective Registration:** December 6, 2025

It is important to note that this correction pertains only to the registration status. The study design, patient data, results, and conclusions presented in the published article remain entirely unchanged and unaffected by this administrative update.

The authors regret this error and any confusion it may have caused. They affirm their commitment to adhering to the highest standards of research reporting in the future.
